A local 5K race was looking for a giveaway that was both practical and had a high perceived value. They needed to personalize 100 of the 500 pieces ordered with the placements of the top runners for each of the 10 categories (ie 1st Place - Female, 2nd Place - Female).

The CoolFiber® cooling towel was a great fit. Not only did the top place holders receive a memorable keepsake that would stay with them for years to come, all of the participants that did not place also received a Coolfiber towel with the standard 5K design (not personalized).

Ordering Information

1. Check with plant on Variable Data details and instructions if this is your first time ordering using this new technology from us.
2. Add set up fee of \$50 (V) and 100-500 pieces \$0.14 (V) per piece, 501-2500+ pieces \$0.12 (V) per piece. 10,000+ inquire. This covers the data file setup and integration of Variable Data onto every piece in your order.
3. You will need to provide a CSV or Excel Data File with data in a vertical listing format with a named header at the top. Variable Data to be printed can be mixed letters, numbers or letters and numbers.
4. Setup your art with a blank box area for the data to go into. Test the area to make sure your data will fit within it clearly and legibly using a minimum size 9 font or larger based on Arial. Larger is better. Higher contrast is better. The goal is to achieve a noticeable area that can be easily recognized by the receiver.
5. We can not guarantee a specific final piece order or what pieces will make it through quality control. This is due to production processes. Please allow up to +/-3-5% on all variable orders.

To assist in the process: A sample data file and art file is available upon request.
